## Murray May Be Selected As Site Of Cancer Clinic

### Kentucky Leads In Disease Fight

Mrs. Garnett Jones, chairman of the Calloway county cancer organization, stated yesterday that there is a possibility that Murray may be selected as the site of a new cancer clinic. The clinic, which is located by the American Cancer Society, will be placed in the area which shows a greater interest in the work of the society, Mrs. Jones said.

Mrs. Garnett Jones

With the 1947 drive to fight cancer under way, Mrs. Jones declared that no public collections, canvasses or solicitations will be made. No door-to-door campaign or movie collections will be made, she said. All donations to the drive, 60 per cent of which will remain in Kentucky, should be mailed to Mrs. Jones at Murray, P. O. Box 402. The remaining 40 per cent is used in the national research program. The drive will continue through the month of April.

Kentucky, outstanding in the nation in its fight to control the deadly disease, now has more cancer clinics than any other state. There are 16 such clinics in the state at present. Two additional clinics, one of which is a possibility for Murray, will be formed soon. Besides the protection of community interest in the cancer fight, the part time services of qualified physicians must be arranged for before the \$5,000 dental therapy equipment is installed in the selected location.

Working with Mrs. Jones is Mrs. J. A. Outland, chairman of the county homemakers clubs. Eighteen representatives are being sent to Kentucky to study the state program. Mrs. Jones revealed that Kentucky has the only paid educational director in the nation and is considered a leader in the campaign against cancer by the national society.

In stressing the deadliness of the disease, Mrs. Jones pointed out that every three minutes someone in the United States dies of the disease.

### Kills More Than War

Over 317 billion dollars was spent in the war against Germany and Japan which cost 280,000 lives. "However, we lost 607,000 American lives to cancer during the same period," Mrs. Jones declared, "and spent two million dollars in the losing fight."

The Calloway group, aligning its program with the state and national organizations is attacking the problem on three fronts, research, education and service. Eighteen deaths in Calloway county were known to have been caused by cancer last year. In the 14 western Kentucky counties of the First District, 277 deaths were attributed directly to cancer last year. Kentucky, even with its leadership in education against cancer, lost more than 2,615 lives in 1946 to cancer.

Wallace gave a detailed report on the work of his department and called on local sportsmen to cooperate with him in the observance of game and fish laws. He stated that he is endeavoring to keep politics out of his department.

Other guests were R. W. James, who heads the Junior Conservation Club system, and Lee Heiser, supervisor of the state game farm and nursery.

Election of officers was held with A. B. Austin being elected president and Maudie Crass, vice-president. The club plans to meet the second Monday of each month.

## Dead At 1200 In Explosion

Reports from Texas City, Texas, placed the dead in the terrific explosion which demolished that city of 15,000 at 12:00. An estimated 1,000 more persons were injured, according to the reports.

St. Louis, Midwestern Red Cross headquarters reported that 500 bodies had been removed from the area and that an accurate count was impossible as bodies were constantly being found.

The blast which shook the Texas coast for a distance of more than 110 miles was set off when a ship loaded with nitrate blew up at the waterfront. The fire and explosion immediately spread to the adjoining Monsanto Chemical Corporation, now in ruins.

## WATERFIELD SAYS HE FAVORS TAX ON PARIMUTUELS

### Governor Hopeful Says Racing Would Not Be Discouraged

Harry Lee Waterfield Tuesday came out for a tax on parimutuel betting at Kentucky's three race tracks—Churchill Downs, Dade Park, and Keeneland.

The candidate for the Democratic nomination for Governor suggested a tax of 5 per cent, which he said "would yield a minimum of \$1,250,000."

In a statement he declared: "I think this tax would be sufficient to be of substantial assistance to the State in carrying out her added commitments through increased appropriations for education and other governmental services."

Waterfield's "Painless Tax" By his statement Waterfield became the first candidate for Governor in either party to advocate a tax on parimutuel betting. Some of his points were:

"A parimutuel tax will no more discourage racing than the gasoline tax discourages travel."

"I think the parimutuel tax is as near to being a just and painless tax as may be devised."

"Changing ones judgment on a horse race is a sport—legalized—certainly no sportsman will begrudge a fair tax up."

## RED CROSS DRIVE SHORT OF QUOTA

### Grover Wood James Says Campaign Will Total Over \$5,608

Grover Wood James, campaign chairman of Calloway county's 1947 Red Cross drive, said yesterday that a total of \$5,608.09 has been turned in to the Red Cross workers. This represents approximately 90 per cent of the \$6,220 quota.

After encountering contributions considerably smaller than those reported last year, James said that a welcome relief was found yesterday when Wallace E. Abell, Bowling Green livestock dealer, made a contribution of \$432.57.

Three hundred and thirty-two dollars of the gift represented the check for the sale of a calf and the other \$100 was by personal check, James said. Abell turned the two checks over to Aubrey Simmons, operator of the Murray Livestock Company to be forwarded to the Calloway Red Cross fund.

The college, in raising only 27 per cent of its quota, was blamed by county workers as partly responsible for failing to reach the county-wide quota. The county as a whole was within 90 per cent of its quota.

The drive will end this week of officials announced.

### Dairy Cows Said Best Income Source

Calloway farmers and agricultural representatives seeking to organize an artificial breeding association for owners of dairy cattle in the county met last Thursday night at the National hotel to lay plans for interesting the owners of 1200 cows in the program. The proposed breeding association must represent a total of 1200 Calloway cows before the services of the Kentucky Artificial Breeding Association would become available to the local group.

With 15 Calloway farmers, already signed up, the group will devote the next two weeks to bringing in other county farmers. The 15 early signers represented the ownership of 56 cows.

S. V. Fox, county agent here, said that owners of at least 400 additional cows appeared ready to join the association immediately. Of these, he estimated, 100 would come from Future Farmer of America and 4-H groups.

### Fifteen Sign

Already members of the Calloway association are James T. Brannon, Deric B. Dodd, both of Hazel; Wilby Paschall, J. T. Tidwell and Huel West, all of Lynn Grove; and James H. Chaney, Edward L. Hendon, C. C. Jones, Wayne Dyer, E. P. Heister, W. E. Johnson, William Duncan, Wybert Morris, Holton C. Garner and Robert H. Barnett, all of the Training School district.

When ownership of 1000 cows is represented, Fox said, officers and directors will be elected and the organization will be formally set up.

There are now 15 such local breeding cooperatives in Kentucky. All are affiliated with the state association and are conducted as non-profit breeding units.

Early and decisive results of the program have been predicted by Fox and other agricultural leaders in Calloway county.

A. Carman, head of Murray State's department of agriculture, said in a letter to the editor appearing in today's Ledger and Times that "from 50 to 100 pounds more butterfat per year" could be expected from heifers from production bred bulls out of ordinary cows.

"With 1200 cows signed up in an artificial breeding association it will be possible to produce 500 or 600 dairy heifers that are better than their dams," Carman said. A veteran leader in Calloway agricultural advancement, Carman also pointed out that "here the farms are small and the dairy cow is the best source of income for farmers with limited land."

### Balanced Economy

In helping bring about a better balanced economy for the farm, Carman declared that "during periods of low income for farmers the dairy cow has proven one of the most reliable sources of income."

Services of a full time technician, probably a native of Calloway county, will be available to the members.

The drive for increased membership will be carried out during the next two weeks by those members already enlisted and by other farm leaders interested in bringing the program to the county. The organization was formed here following suggestions made by Carl Clifton, University of Kentucky dairying expert, at a meeting held here on Friday, April 4.

Murray Lodge 105 F. & A. M. will meet at the Murray High School gymnasium on Monday night, April 21, at 6:30. Nine members will receive the third degree. All Masons are cordially invited. Refreshments will be served.

IN MEMORY

As a priceless jewel removed from its plain setting and remounted in splendor and beauty, so has the pure spirit of Miss Nora McKee been transferred to a more beautiful home, where her parents and a number of friends have been awaiting her coming.

Nora's cheerful and friendly disposition, her ease and grace of manner, and her beautiful facial expression, all these bespoke a lovely Christian life. There was a beautiful harmony about her character, a sincerity that at once inspired admiration and respect from those who met her.

"That good name, which is to be chosen rather than great riches," truly was one of Nora's merited possessions. Hers was a reputation formed under the influence of virtue and kindness, and drew around her many warm friends who have proved their affection and great concern in her welfare from the beginning of her illness and who have continued in constant touch with her family for the facts of her condition.

Her generosity was limited only by her means and opportunity. It was her pleasure to remember each relative and friend with a well chosen gift, even though small, at Christmas and on all other occasions, each gift expressing personality and tender selection. Her happiness was in serving others and making others happy.

Loyalty to her employers, to her family and friends was another outstanding trait of Nora's fine character. At the sacrifice of her own plans and pleasures, the pleasures and desires of others, came first.

Very rarely did Nora repeat gossip or scandalous reports she had heard about others. Many times I have heard her say, "We should look for the good in people and not the bad. We all have our faults." She seldom spoke of anyone's faults or failings. Careful to an extreme in what she had to say, and with her purity of heart and purpose, I doubt if Nora ever injured anyone's feelings, however this did not hinder her

ready Irish wit and humor. Having been her close friend for the past 24 years—a part of that time she spent in my home—I feel sure no one knew Nora's heart and life, her aims and characteristics better than I knew them.

I thank God that my life has received a rich blessing in the love and association of so pure and noble a character; one "who lived for those about her and the good that she could do."

The beautiful expression of this poem seems so appropriate for Nora after so many months of suffering:

"Passing beyond the shadow, Into a purer light, Stepping behind the curtain, Getting a clearer sight."

Laying aside a burden, This weary, mortal coil, Done with the world's vexations, Done with its tears and toil.

Tired of all earth's playthings, Heart-sick and ready to sleep, Ready to bid her friends farewell,

Wondering why they weep.

Grace Ford Peery

Wondering why they weep.

Passing out of the shadow, Into eternal day, Why do we call it dying, This sweet going away?"

# W. A. Boone Opens New Laundry Unit In Elizabethtown

Of interest to many Murrayans is the recent announcement from Elizabethtown that the Boone

Cleaners of that city, operated by W. A. Boone, formerly of this city, will soon move into a new plant. Boone is a brother of O. B. Boone, Murray laundry operator. Mrs. Boone is the former Martha Sue Gatlin, daughter of Mr. and Mrs. Bob Gatlin.

The report said in part: "Mr. Boone, who is a member of the city council and also acts as Mayor pro tem, is a native of Mississippi, but he and Mrs. Boone resided at Murray, Ky., before removing to Elizabethtown."

Mrs. Dessie Herning, Clinton, returned to her home Saturday after a one-month visit with her daughter, Mrs. Elmer Jones, and family of Hazel.

## Quitting By Degrees . . .

Such a habit of having a little ad each week — will just have to taper off.  
Still waiting for anyone wanting to pay off their accounts. I don't know where a lot of folks live who have accounts, so can't send statements. I suppose I might make out a list of names, put them in the paper asking for addresses so I could mail them statements.

Happened to get hold of a Spring catalogue from a great retail syndicate. Well, they certainly have a spring rise on. I just know that you can buy at home and save, besides you do not have to pay postage and wait.

Don't forget my young friends who bought my business, because they have a big job, and will save you money. Bring in your catalogue and compare prices and quality.

Well, I have three telephones on my monthly payroll, but haven't used them much this month, so I am giving them up. If a few million would give them up there would be less jobs to go back to. What you say, folks? — I was 25 years old before we had a phone, so had no arguments with the operators.

## That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—the risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up at night, nervous, feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, itching or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

## CARD OF THANKS

We, the family of S. W. Pogue for his words of sympathy; to the undertaker, Max Churchill; and for the beautiful floral offerings. May God bless each of you as our prayer.

Mrs. Glegie Duncan and children

IN MEMORY

As a priceless jewel removed from its plain setting and remounted in splendor and beauty, so has the pure spirit of Miss Nora McKeel been transferred to a more beautiful home, where her parents and a number of friends have been awaiting her coming.

Nora's cheerful and friendly disposition, her ease and grace of manner, and her beautiful facial expression, all these bespoke a lovely Christian life. There was beautiful harmony about her character; a sincerity that at once inspired admiration and respect from those who met her.

That "good name, which is to be chosen rather than great riches," truly was one of Nora's merited possessions. Hers was a reputation formed under the influence of virtue and kindness, and drew around her many warm friends who have proved their affection and great concern in her welfare from the beginning of her illness and who have continued in constant touch with her family for the facts of her condition.

Her generosity was limited only by her means and opportunity. It was her pleasure to remember each relative and friend with a well chosen gift, even though small, at Christmas and on other occasions, each gift expressing personality and tender affection. Her happiness was in serving others and making others happy.

Loyalty to her employers, to her family and friends was another outstanding trait of Nora's fine character. At the sacrifice of her own plans and pleasures, the pleasures and desires of others came first.

Very rarely did Nora repeat gossip or scandalous reports she had heard about others. Many times I have heard her say, "We should look for the good in people and not the bad. We all have our faults." She seldom spoke of anyone's faults or failings. Careful to an extreme in what she said to say, and with her purity of heart and purpose, I doubt if Nora ever injured anyone's feelings, however this did not hinder her

## ready Irish wit and humor.

Having been her close friend for the past 34 years—a part of that time she spent in my home—I feel sure no one knew Nora's heart and life, her aims and characteristics better than I knew them.

I thank God that my life has received a rich blessing in the love and association of so pure and noble a character; one who lived for those about her and the good that she could do.

The beautiful expression of this poem seems so appropriate for Nora after so many months of suffering.

"Passing beyond the shadow, Into a purer light, Stepping behind the curtain, Getting a clearer sight."

Laying aside a burden, This weary, mortal coil, Done with the world's vexations, Done with its tears and toil.

Tired of all earth's playthings, Heart-sick and ready to sleep, Ready to bid her friends farewell,

Wondering why they weep.

Passing out of the shadow, Into eternal day, Why do we call it "dying, This sweet going away?"

—Grace Ford Peery

## Waterfield Backs Parimutuel Tax

(Continued from Page 1)  
on his return to help education and the state's less fortunate.

Waterfield also said he favored drastic reduction of Kentucky's tax on intangibles and in inheritances.

"I had planned to discuss the entire tax structure in announcing my complete platform at a later date. However, since the parimutuel-tax question has already been raised, I have no hesitancy in saying at this time that I favor a tax on parimutuels in fair and equitable measure and in just proportion to the tax burden. I think this tax should be sufficient to be of substantial assistance to the State in carrying out her added commitments through increased appropriations for education and other governmental services. A tax of 5 per cent on parimutuels would yield a minimum of \$1,250,000.

**Favors Tax On Luxuries**  
"It is my policy to favor a tax on luxuries rather than upon necessities and certainly parimutuels come in the former class. It is certainly a voluntary or self-imposed tax.

"I do not, by any means, desire to cripple the racing industry in Kentucky. A parimutuel tax will no more discourage racing than the gasoline tax discourages travel. In fact, I think those interested in the racing industry should want to pay a fair tax and thus feel that their business is making another contribution to the welfare of all Kentuckians.

The enactment of a fair and equitable tax on parimutuels, sufficient to be of great assistance in carrying out the State's increased responsibilities and commitments to education which I shall advocate, will be justified when the present cash surplus has been exhausted.

## College Donates Heifer To Club

(Continued from Page 1)  
The cattle club gave eight heifers to deserving young men in the county, five going to Future Farmers and three to 4-H Club members in the county.

Miller was elected president of the club at an organizational meeting held Thursday evening, December 5, which was attended by donors, recipients of the eight heifers and other farming representatives.

Other donors of heifers are Dr. B. M. Mason, G. B. Scott, Hugh Gingles, Murray's Chamber of Commerce, Ryan Milk Company and the Bank of Murray. The remaining heifer was donated by the Murray Livestock Company, the Calloway County Farm Bureau and the Calloway County Soil Improvement Association.

Also receiving heifers through the club were Wells Hargis, 4-H, Faxon; Fred Cain, F.F.A.; Kirksey; Tommy Workman, 4-H; Lynn Grove; Johnny Black, 4-H; New Concord; Bobby Lawrence, F.F.A.; Hazel; Billie Roberts, F.F.A.; Almo; and Jackie Meyers, F.F.A.; Lynn Grove.

An advisory committee to assist in carrying out the program of the club is composed of Bobby Grogan, Jim Walston, agriculture instructor at Kirksey; S. V. Foy, Calloway county agent; Ray Treon; Ryan Milk Company, and A. Carmah, head of the agriculture department at Murray State College.

Mrs. Vernon Stubblefield, Jr. and son, Vernon Shaw, and Miss Martha Swann, student at Murray State, spent the week-end with Mr. and Mrs. M. E. Shaw in Hickman.

## French Provincial at Belote-Gilbert Co.

One of the newest stars in the home furnishings firmament is French Provincial, that delightful style that resulted from 18th Century French cabinet-makers' attempts to copy the ornate Louis XVI Furniture at that time. Esteemed by both decorators and housewives alike for its ability to fit into both formal and informal decorative schemes, it's a style that may well become one of the most popular to be introduced in this country in recent years.

Belote-Gilbert Co., in tune with the times, is now showing "Troisville," a new French Provincial bedroom group that is authentic in every detail. Made by The Morgan Furniture Company, a leading furniture manufacturer in the South's finest wood-working region, it combines sound, lasting construction with graceful flowing lines that will start many a woman on plans for doing over her bedroom.

"Troisville" is being shown at Belote-Gilbert Co. in "French Biscuit" a rich, creamy tan "Satin" finish. This is produced by a special process involving hours of hand rubbing and polishing. It also comes in "Sage Green," a soft blue-green. Both offer many possibilities for charming bedroom color schemes.

## Murray Falls 13-2 To Ill. Wesleyan In Season Opener

Dick Van Scoy, Illinois Wesleyan pitcher, struck out 15 men as the visitors trounced Murray State Teachers college's baseball team, 13-2, in the local season's opener here Saturday.

Murray got to Bob Mears in the first one and one-third innings for three of its four hits of the game. Van Scoy took over and didn't walk a man as he completed his strikeouts, eight in succession in the third, fourth and fifth innings. Illinois Wesleyan garnered eight hits off "Murray hurler" Johnny Reagan, who fanned eight in five innings. Joe Lookey and Milt Sanders. Each club committed two errors. Bob McDonald, Illinois Wesleyan center-fielder, homered with one man on in the fifth.

## B. D. Hall Travels 2700 Miles To Enroll At Murray State

**Bobby D. Hall**  
If there is anything to the old adage that "travel is broadening," then Bobby D. Hall of Richmond, Wash., should become well educated during his years in college. Bobby traveled over 2700 miles to attend Murray State, and with few exceptions he should hold some sort of record for being farther from home than any other student here.

## 5000 KENTUCKY STUDENTS ARE EXPECTED AT MUSIC CONTEST

LEXINGTON—An estimated 5,000 Kentucky high school students representing more than 125 schools throughout the state and winners of regional contests now taking place, are expected to participate in the 23rd annual Kentucky High School Music Festival opening on the University of Kentucky campus April 24.

Louis Clifton, director of the University extension department which is administering the festival in cooperation with the U.S. music department, said this year's festival would revert back to the pre-war plan of dividing the program and

holding the musical activities on two dates, April 24-26 and May 8-10.

In the early days of the state speech and music festivals, all contests were held during a one-week continuous session. However, music events began to attract so many that it was necessary to divide the two festivals and later to divide the music events into two festivals. During the war period, music was consolidated into one festival again as the choruses, band and orchestra events were cut out and soloists and small ensembles combined, Clifton explained.

With all promises that this year's music festival will be one of the largest in history, the initial three-day period of April 24-26 will be given over to vocal events, piano and the All-Kentucky chorus. Instrumental events will be held during the second period May 8-10.

A panel of outstanding music authorities has been named by the University to judge the festival events.

## YOU AND YOUR HOME

By RACHEL ROWLAND  
Home Demonstration Agent

Started house cleaning yet? You will be soon if you haven't already. It is a real job but what a wonderful feeling you have when the last window is washed and the last floor waxed!

Some experts, having realized things learned in the time-and-energy studies at factories could be adapted to house work, give us these good suggestions. Perhaps they will help you not only in housecleaning but in your daily housework.

First of all, have the tools and

supplies you actually need—brooms, brushes, mops, vacuum, furniture polish, wax, etc. Second, have a place to keep them all together, preferably a cupboard or closet used only for this purpose. Third, use labor-saving methods in getting your work done.

If dirt is removed often and systematically it saves time, energy, cleaning supplies and household finishes. Do heavy work a little at a time—don't try to clean your whole house in a day or two.

Before you start the actual cleaning, clean all dresser drawers and closets. Clean bedspreads, scarves, rugs, draperies and curtains, then put away until you are ready for them after finishing housecleaning. Clean pictures and make them dust proof by glueing wrapping paper on the back.

### Mirrors and Windows

To clean mirrors and windows wash with a chamois dipped in a solution made by adding one tablespoon ammonia to one quart warm water. Rinse with a clean chamois and clear water. Polishing is not necessary if the chamois is kept clean.

## Assistantship

James Edwin Collier, senior from Murray, has been awarded a graduate assistantship at the University of Indiana. He will go to Bloomington this summer to begin work on his Master's and will assume his new position in the fall.

Wash oiled, varnished or shellacked surfaces with the following mixture: one quart boiling water, one tablespoon turpentine and three tablespoons limesol or lemon oil. Wring a soft cloth as dry as possible from the mixture (which should be kept hot in top of double boiler) and wash a small space. Dry the washed surface thoroughly with a clean, soft cloth.

Budily soiled waxed surfaces should be washed with turpentine before the new coat of wax is applied. If just slightly soiled, wipe with a cloth wrung from a mild suds to which turpentine has been added (one tablespoon per quart of water). Rinse before applying wax.

## NOTICE!

Pursuant to the authority vested in me under the terms of Ordinance Number 172, which was enacted by the City Council of the City of Murray, Kentucky, on March 21, 1947, I will, on April 23, 1947, at 12 o'clock noon, at the City Hall, Murray, Kentucky, offer for sale to the highest and best bidder a City of Murray Bus Franchise.

The purchaser of this franchise will be authorized to operate a city bus in keeping with the terms and conditions stated in the above mentioned ordinance.

For details of the terms and conditions of such franchise, see the ordinance herein mentioned, said ordinance being in the office of the City Clerk, Murray, Kentucky.

### Letters To Editor

Other memories of that school call up the fights I had with Henry Beal, a red headed boy of about my age. His older brother, Allman Beal, would hire us to fight. He knew we never hurt each other very much and the fight made fun for the rest. Henry and I were good friends as long as he lived. We both made preachers.

I may give you some more reminiscences later.

## Kentucky Belle's News

I met Mrs. Mary Wisehart Monday morning at Murray. We had a good old chat that made me feel like I would love to be back at my old home out at Macedonia. I wouldn't be surprised if we moved back home, some of these days but not right now.

Dear Ole Maid, I notice in your last letter, you said it was high time for Mrs. Bucky and myself to be writing you. 'Tis so I know but I am a busy woman.

Mrs. Everett Bucky received another letter Saturday from her husband and her brother. They said they were well and still

working hard but the old boss changed their work. Mr. Bucky is a day-time cook and E. H. Simmons a day time dishwasher.

Uncle Bud Todd was a Sunday guest of Johnnie Simmons and family. Uncle Bud left Tuesday morning for his home at Bowling Green.

Mrs. Alma Dunnaway and son and daughter, Little Mae and Leonard, visited friends and relatives at Dover, Tenn. Sunday.

Mr. and Mrs. Jessie Stum and sons were Saturday night bedtime visitors of Mr. and Mrs. George Linville near Providence.

A. W. Simmons, Mr. and Mrs. Conard Hutson and Mr. and Mrs. Pete Wisehart of Hazel, Route 2, were at Murray Monday.

Mrs. Everett Bucky spent last week with her in-laws, Mr. and

## Miller Schedules Spring Cage Drills For Thorobreds

Spring basketball practice opened Monday, April 7, at Murray State College. Coach John Miller stated that approximately 30 boys reported for practice and that this number was fluctuating daily. Because of the spring vacation, practice will probably last for a month.

Coach Miller said that fundamentals would be stressed in the early part of the drills. Passing, shooting, and defense will form the major part of the work. Individual correction will be stressed in the latter part of the spring session.

Lettermen reporting for the initial drill were Rex Alexander, Harry McGrath, Herman Oldham, Charlie Snow, Odell Phillips, Glen Oxford, and Jimmy Frank. Zed Herold, star of the 1945 team, is also out for spring workouts. He returned from the Army this quarter. Johnny Reagan, Jim Pearce, and Harold Loughary, varsity members last year, are participating in baseball this spring. Willard Ellison is the only member of last year's team who will graduate.

Miller said that the squad would level off after the "K" vacation and serious work would begin. Particular emphasis will be placed on the development of players who were members of the 1947 Thorobreds. Several intra-squad games will be held in order to maintain interest among the candidates.

## Neely Joins Bar

Sam Boyd Neely, Murray attorney, was formally enrolled as a member of the Callaway County Bar upon opening of the April term of circuit court in Murray Monday. He was previously sworn in to practice law by the court of appeals of Kentucky.

Neely's offices are in the Gallatin building and he was recently elected president of the Murray Junior Chamber of Commerce.

Mrs. Oren Bucky and Elsie, Mrs. Maline Kirland and Mrs. Oren Bucky spent Thursday with Mrs. Dotie Garner.

Mrs. Everett Bucky, Miss Elsie Bucky, Oren Bucky, the Gaffners and Les Kirland were in Paris Thursday.

Mr. and Mrs. Oren Bucky spent a while Saturday evening with Mr. and Mrs. Del Hart.

Oren Bucky, Lucille Bucky and Elsie Bucky were Monday morning callers of Mr. and Mrs. George McCutcheon of Paris.

Ross Bucky remains very ill at the Clinic.

Kentucky Bell and daughter made a trip to Mason Hospital Sunday afternoon to visit Aunt Matt Heiden, who has been very ill but is reported improving at this time. Kentucky Belle hopes for Aunt Matt a speedy recovery so that she will be able to return to her home at Providence.

## ELDER TO ASSIST MARYLAND COACH

Houston "Hound" Elder, former Murray State grid star, has been named assistant grid coach at the University of Maryland according to a recent announcement by Athletic Director Jim Tatum. Elder joins Walter Driskill, George Barclay, and Bill Meek as assistants to Tatum.

Last year Elder was a football scout for North Carolina State.

## Eggers Ferry Road Improvement Among Announced Contracts

Contracts for surfacing and resurfacing 337 miles of Kentucky highways in 40 counties were awarded by the Department of Highways last Wednesday. The contracts called for the expenditure of \$2,132,314, bringing the total contracted thus far this year to \$6,792,136.64 and the total improvement to 623 miles.

"Prices on contracts awarded were in line with the estimates of our engineering staff," J. Stephen Watkins, commissioner, said. "The outlook is most encouraging for a prosperous year for highway building. Bids were numerous and the interest among contractors indicates that considerable additional work can be undertaken."

Among the approved bids was that of Middle West Roads Company, Noblesville, Ind., for improvements to the Murray-Eggers

Ferry road (Ky. 94) from the corporate limit of Murray to the Marshall county line, a distance of 13 miles to be repaired at a cost of \$50,439.70.

Five acres on the Campbell County Fish and Game Protection Association Farm will be planted to short leaf and loblolly pine.

Bullitt county farmers who have reduced tobacco allotment or were unable to get one are setting out strawberries.
